## **OBJECTIVE OF THE PROJECT:**

**Project Report:** From the report writing of the project students are able to interpret the data and can analyze the same. Commerce projects are basically a kind of case study-based work. So, if students collect primary data from respondents, then they definitely get empirical knowledge on the specified area of their interests.

**Viva:** From this portion of the work, students are able to demonstrate their project work and prove the relevance to choose the topic. This part of their activity, enhance their proficiency, and communication skill.

**OUTCOME OF THE PROJECT:** Gaining a clear vision of the theoretical knowledge of accountancy, finance, marketing, entrepreneurship, banking system, micro-macro economy and so on.

In the year 2022, 152 students of B. Com (H) 6<sup>th</sup> semester have done their commerce project based on the fieldwork. The duration of the project is nearly 6 months. They started their project work in 1<sup>st</sup> week of February 2022 and completed it by the 27<sup>th</sup> June 2022. 16 faculty members acted as project supervisors in 2022. A large number of project areas were chosen

from marketing, finance, taxation system especially indirect tax, namely GST, other contemporary topics like Self-help group, behavioral investment, online banking, women entrepreneur, e-commerce and so on. All the primary data-based project, are very much empirical in nature. A moderate questionnaire prepared by the students with the assistance of the respective supervisors and accordingly convenient data collected by them. This project work is very much helpful for the students to get a clear real picture of their chosen area of the project. Our teachers whole heartedly co-operate with them to complete the work.
