

SKILL ENHANCEMENT INITIATIVE

Seminar on
Demonetization: Politics & Reality
18th February, 2017
Organized by
Discussion & Debate Club (D&D Club) of Lalbaba College.

A skill enhancement initiative was organized by the Discussion & Debate Club of Lalbaba College through a seminar. The resource persons delivered their lectures in order to prepare the students on the subject content and to increase their self confidence highlighting the several aspects of the topic.

The seminar on '**Demonetization: Politics & Reality**' was held on 18th February, 2017 at the College Auditorium in a befitting manner. President of the College Smt. Baishali Dalmiya inaugurated the program. In her short speech she thanked the Organizing Committee and the Principal for holding such seminar which is very contemporary in the present economic scenario of the country. She condemns the whimsical fiscal decision of the Central Government that serves no benefit rather sets back smooth monetary transaction through the country. President urges for holding more and more seminars on similar issues involving students' participation.

Activity Report, D&D Club, Lalbaba College

Dr. Chhatradhar Das, Coordinator of D&D Club puts stress on holding seminars through club in order to enhance the skills of the students to represent themselves on diversified ranges and encourage them in free participation. He keeps an aim to equip the students in the coming days. Dr. Das considers that today's seminar is a milestone initiated by the D&D Club of Lalbaba College. The Club aims to organize College level Debate Competition and thereafter holding State Level Inter-College Debate Competition. He ended his speech thanking all for attending the seminar, especially those students who attended from other college. He also expresses his thanks to the speakers of the seminar.

There are three speakers in the seminar:

- (i) Prof. Durga Sankar Koley,
Department of History,
Lalbaba College;
- (ii) Prof. Nidhi Chowdhary,
Department of Political
Science, Lalbaba College;
and
- (iii) Prof. Soumik Kanti Ghosh,
Department of Economics,
Lalbaba College.

Prof. Durga Sankar Koley, 1st speaker in the seminar remembered the barter economy which was discarded later on, for want of fair economy consideration. And monetary system was thus introduced as exchange of medium. He referred to silver punch mark coin of 6-5th century B.C. or coins of Kanishka Period that played important role in flourishing trade and commerce. But in ancient India, there had been made no sudden change of coins. Today's demonetization appears 'like wrongs hush up' might cause economic devastation rather than extraction of black-money.

Prof. Nidhi Chowdhary in her speech hints at the dirty politics of the country in consequence of 'Demonetization', without caring reality in Indian Economy. She condemned the step taken, on the following reasons:- (i) Demonetization brings confusion in the society, (ii) Economic development harassed, (iii) little or no effect in extortion black-money or preventing terrorism activities, (iv) encouraging unemployment further due to collapse in business houses. Indeed such unscrupulous decision of the Govt. causes maximum suffering in the rural part of the country where banking services yet to provide, (v) traders and small holders suffered much, (vi) transaction in rural set up fall crashed.

Prof. Soumik Kanti Ghosh puts a clarification on 'Demonetization' from economic point of view. He puts an example of demonetization in USA. There, trade and commerce didn't cease to exist. In an economy, inner value of currency greater than face value ---- doesn't exist in long run. Prof. Ghosh discusses speculative motive of money in the context of present demonetization of money. 86% money ceased in the market, but entire market was not affected as new money was introduced. He stresses the need of such steps to paralyze terrorism activities through destroying vast accumulated fund of Indian money captured in the hand of terrorists. While supporting demonetization, Prof. Ghosh arises a big question in its implementation part that resulted in great failure. Black money transformed in Gold or buying fixed assets. Admitted that entire people suffered, yet 67% common people accepted the policy of demonetization. Their psychological parameter worked successfully to support Govt's diplomacy. Quite naturally flow of black money in the consumers' market could have not been checked. GDP has already fallen but in the long run benefits will be yielded. The topic of discussion included a serious warning i.e. 'politics'. Here lies the truth --- if politics creeps in a nation's fiscal policy or measures, the benefits is far behind.

The Questioner Session with the participation of sundry students has been conducted successfully. After successful completion of the programme, Certificates were awarded to the speakers in the seminar including students, teachers and members of the non-teaching staff who attended the seminar.

Though the seminar was held in college level, the students of neighbouring college viz. Ramakrihna Mission Vidyamandira were present in the seminar. The following is the chart of student participation including students of different stream belonging to Lalbaba College.

In the concluding session, Dr. Ajit Kumar Singh thanked the organizing committee and the Principal for his spontaneous support in holding the seminar. He also thanked all members of the teaching and non-teaching staff; especially to the students including those who attended the programme from Ramakrihna Mission Vidyamandira.

The seminar ended with vote of thanks to the Chair.
